Subject: Department head training in environmental management and carbon footprint know how

Dear Mr. Koeppel,

The Novotel Bangkok on Siam Square in its function as Accor's Flagship property in Thailand is EarthCheck certified since 2010. In addition, Accor has launched the Planet 21 in April this year to further the environmental considerations in its managed properties.

We are pleased and impressed with your recent engagement to provide additional training and insight in form of a presentation focusing on "Carbon footprint – and its impact on day to day operations"

Our 12 Department Heads expressed their positive surprise in being able to learn the interrelations of the carbon footprints of individuals, processes, products and entire businesses.

We like to express our gratitude for your well informed training presentation held in our hotel on May 30th 2012.

With best regards
